

## Data on the Hoof

The **free** MobileHerd app helps you manage your herd out and about.

Download free for iPhone and Android from the App Store

## MobileHerd App Step by Step Guide

1. Download the MobileHerd app
2. Enter our herd number and PIN, if you have not yet received one from CIS please contact your CIS Area Manager or call us on 01923 695319
3. Select the Sync section and ensure Sync is updated for Herd Info, Support Tables and Events
4. You will be able to view up to date data through the Herd option and manage the herd through the diary
5. Additional options on the app include request events, submit feedback and area manager contacts
