

Pedigree Packages

The CIS Pedigree Packages offer, for a single fee, milk recording and pedigree registrations.

Packages can be enhanced to Complete which includes type classification and breeding tools.

The participating breeds for CIS Pedigree Packages are Holstein, Friesian, Ayrshire, Jersey and Guernsey.

CIS Pedigree Package includes:-

- Official Milk Recording - DIY or Assisted with frequency options.
- Free phone or web calf registration, transfers and passport applications.
- Fertility and Health Recording.
- 24 hour access to all animal information online.

CIS Complete Pedigree Package includes:

- All of Pedigree Package plus
- Two Type Classification visits per year. For larger herds, more visits can be arranged if necessary.
- Cow mating tools including WebMate and Bull Selector.
